

### **REMARKS**

This Response is in reply to the non-Final Office Action mailed on April 6, 2004. The Applicant appreciates the Examiner's indication that claim 5 recites allowable subject matter. Claim 1 has been amended to include the allowable subject matter of canceled claim 5. Claims 1-4 remain pending in this application. No new matter has been added. Reconsideration of the present application is respectfully requested.

#### **In the Specification**

The Applicant has amended the specification to correct minor informalities. Specifically, the word "said" has been amended to recite "the" on page 2 of the specification. No new matter has been added.

#### **In the Abstract**

In the Office Action, the Applicant is reminded of the proper language and format of the abstract. Specifically, the Examiner states that the abstract includes legal phraseology.

The Applicant has amended the abstract to correct minor informalities including the word "said" in line 3. Therefore, withdrawal of the objection is respectfully requested.

**Rejection of Claims 1-5 under 35 USC §112, second paragraph**

In the Office Action, the Examiner has rejected claims 1-5 for failing to particularly claim the subject matter regarded as the invention. Specifically, the Examiner states that “the armchair user” lacks proper antecedent basis.

The Applicant has amended claim 1 to recite “an armchair user.” Therefore, withdrawal of the rejection is respectfully requested.

**Rejection of Claims 1-4 under 35 U.S.C. §102(b)**

In the Office Action, claims 1-4 were rejected, under 35 U.S.C. §102(b) as being anticipated by Chou et al.

Claim 1 has been amended to include the allowable subject matter of claim 5. Accordingly, the Applicant asserts that claim 1 is patentable over the cited prior art. By reason of their dependency from independent claim 1, the Applicant asserts that claims 2-4 are also patentable over the cited prior art. It is therefore respectfully requested that the anticipation rejection of the claims under 35 U.S.C. §102(b) be withdrawn.

### **Conclusion**

In view of the above presented amendments and remarks, it is submitted that the Examiner's objections and rejections have been overcome and should be removed. The Applicant believes that the present application should now be in condition for allowance. Reconsideration of the present application and claims 1-4 is respectfully requested.

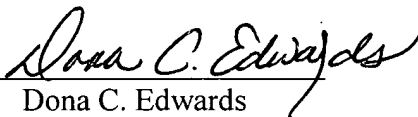

The Applicant notes that there is no indication that the drawings are acceptable. The Applicant respectfully requests that the Examiner provide indication that the drawings are accepted by the Examiner in the next formal communication.
